AVAILABILITY

Full-time

SUMMARY

My experience covers a variety of tasks, including quality control, construction management, site cleanup, and operating manufacturing equipment. I have consistently produced outstanding results and kept a sharp eye on product quality, accuracy, and safety.

WORK EXPERIENCE

WALMART RETAIL RENOVATIONS TEAM MEMBER
MERCHANDISING CONSULTANTS ASSOCIATES

- Inspect work to ensure it meets quality standards and specifications.
- Execute construction tasks according to the project plan(Plan-o-gram), including demolition and other necessary tasks.
- Clean-up and restoration of the renovation site once the project is completed, ensuring it is left in a safe and presentable condition.

MACHINE OPERATOR/ ASSEMBLY WORKER
TENNECO AUTOMOTIVE

- Operated machining equipment safely with a team of operators.
- Followed detailed instructions to operate machines with accuracy and produce quality products.
- Set up and run machinery to produce exceptional products for industrial needs.
- Loaded raw materials into machines and unloaded finished products to keep the manufacturing process running smoothly.
